Chapter 1 HISTORY OF QUEENSLAND HISTORIC MOTORING COUNCIL INC. (QHMC)

Queensland Combined Council of Historic Vehicle Clubs Inc. (QCCHVC) was formed in 1968 and, in 2009, underwent a name change to Queensland Historic Motoring Council Inc. (QHMC).

The first meeting of Queensland Combined Council of Historic Vehicle Clubs Inc. (QCCHVC) was held at Toowong in 1968. QCCHVC moved to our current location, the Veteran Car Club Rooms Carindale, once they were constructed in November 1993.

Membership of QHMC open to all historic motor vehicle clubs, supporting vehicles more than 30 years old. Our membership does not include hot-rod clubs or street-rod clubs as these are catered for under their own organisations.

Queensland Historic Motoring Council Inc. is the peak representative body for Historic Vehicle Clubs in Queensland and represents its member clubs in negotiations with Government departments, interstate peak motoring bodies and commercial and public bodies. Affiliated clubs include Veteran, Vintage, Historic and Classic vehicle clubs

What is the purpose of QHMC?

Queensland Historic Motoring Council is the peak representative body for Historic Vehicle Clubs in Queensland and represents those Clubs in negotiations with Government departments, interstate peak motoring bodies and commercial and public bodies. Affiliated Clubs include Veteran, Vintage, Historic and Classic vehicle clubs.

We hold regular meetings with Department of transport and Main Roads. We raise and discuss, at a top level, issues and questions with TMR.

The Objectives of the QHMC are:

- To foster interest in the history and preservation of old vehicles, as owned by members of affiliated clubs;
- To act on behalf of clubs and/or individual members in negotiations with Federal, State or Local Government, Authorities, Companies, Corporations, or individuals, on matters of interest to the hobby;
- To keep an up to date list of projected rally dates, in order to assist the clubs to avoid clashing dates, and to attempt to ensure maximum support of all major events by whatever means may be suitable, through the promotion of maximum co-operation between affiliated clubs;
- To act a liaison body between the hobby and the general public;
- To co-operate and liaise with any other similar State or Federal organisations;
- To cause to be published and/or circulated any information concerning or affecting the development of clubs within the Association's geographical area, which the Association may consider will promote the objects of affiliated clubs.

Chapter 18 MEETING PROCEDURES

ANNUAL GENERAL MEETING, GENERAL MEETINGS & COMMITTEE MEETINGS

AGENDA

An agenda is to be prepared in consultation with the Chairman of the meeting.

TAKING OF MINUTES (AGM, GMs, Committee Meetings)

Minutes of the meeting are to be made against all items on the Agenda and other items that may be raised under General Business.

The minutes of the Annual General Meeting and General Meetings are to be made available to all members upon request, within reason, and are to be published on the associations Website within 2 weeks of the meeting and distributed via email to all clubs and delegates.

The minutes of Committee Meetings are to be distributed to Committee members only. Given the sensitive nature of some business transacted in Committee Meetings, these minutes are not to be published on the Website. Minutes of all meetings shall be retained in a minute book dedicated for that purpose. If the minutes have been made on separate sheets, they are to be included in the Minute book.

It is the responsibility of the person who is Secretary at the commencement of the Annual General Meeting to continue recording the proceedings of the Annual General Meeting, and to produce minutes of the meeting, even though the position of Secretary has been declared vacant.

To assist in the minute taking it is most useful for speakers to identify themselves by, giving their name and the club they represent.

AGENDA ITEMS

All Agenda Business items are considered before other General Business or non-specific Agenda items are introduced.

GENERAL BUSINESS

It is most desirable that meetings are structured to ensure that all business is addressed before the other activities are commenced.

The normal protocol is that the chairman does not move or second a motion, unless it is a direction from his/her club, but can vote as a delegate and has a casting vote to resolve a tied vote.

GUEST SPEAKERS

Where a guest speaker is available, he/she is to be advised of the time that he is expected to begin and the time available for him to speak. On the day, it may be expedient to defer non-essential items until after the guest has spoken.

Refer to appendices for Sample Agenda and Forms:

Chapter 23 SPECIAL INTEREST VEHICLE SCHEME

Eligible vehicles

This concession is available for the following vehicles:

- Historic vehicles:
 - Vehicles (light or heavy) that are at least 30 years old
- Historic ambulances and fire-fighting equipment vehicles:
 - Retired ambulances and fire-fighting equipment vehicles (no age restriction) that are now used for display
- Street rods and hot rods:

In the case of historic ambulances and fire-fighting equipment vehicles less than 30 years old, the vehicle must be converted to right hand drive.

Conditions and restrictions

You and anyone driving your special interest vehicle must only use the vehicle for:

- Participating in rallies organised by incorporated vehicle clubs—a rally is a social event whereby a parade of special interest vehicles travel together for competition or to meet at an agreed location. Rallies are usually listed in a incorporated club newsletter or on the incorporated club's website or social media page.
- Participating in processions for which a Special Events Permit has been issued under the *Transport Operations (Road Use Management –Accreditation and Other Provisions) Regulation 2015*
- Exhibiting the vehicle in displays, fetes or similar functions conducted for religious, charitable or educational purposes
- Ceremonial purposes (such as weddings, formals, funerals) involving immediate and de facto family members, or as part of a sanctioned incorporated club event, provided this is not done for fee or reward. Immediate and de facto family means parents, grandparents, sons, daughters, grandchildren, adopted children and adopted grandchildren, but not extended family members such as aunts, uncles, nephews and nieces
- Events sanctioned by the Australian Street Rod Federation (ASRF)—street rods and hot rods only
- Preparing for, proceeding to, and returning from the above activities
- Direct travel to and from an approved inspection station to get a safety certificate or certificate of inspection before offering the vehicle for sale

Queensland Historic Motoring Council

- Travel in order to have the vehicle repaired. There is no distance restriction, however such travel must be reasonable and justifiable by the vehicle operator
- Road testing within a 15km radius from the place where the vehicle is garaged or is being repaired. The purpose of the travel must be to road test the vehicle following repair or restoration, or for general vehicle maintenance and not for any other purpose. This does not include use as an everyday means of transport. A passenger may travel in your vehicle to assist with road testing—only if your vehicle can legally carry passengers.

Buses are permitted to carry non-fare paying passengers for journeys (joy-rides) from an event (for example, a fete) and return provided the length of the journey does not exceed 5km. Payment of any kind cannot be received for these journeys.

Heavy vehicles over 4.5t GVM are permitted to carry a load provided the loaded GVM or gross combination mass (GCM) does not exceed 50% of the maximum permitted mass for the vehicle configuration. This mass is based on the lesser of:

- Individual axle ratings
- Tyre manufacturer's limits
- Manufacturer's GVM or GCM
- Regulation mass limits.

If your special interest vehicle does not have permanent lighting, you must carry a removable lighting system with the vehicle at all times and use that system whenever lighting would normally be required. Carbide lights are acceptable where that type of light was originally fitted.

What to carry in your vehicle

We recommend you carry paperwork that supports your reason for travel. This could include:

- club newsletter
- club calendar of events.

If your vehicle is being used and displayed for a funeral event, we understand there may not be enough time to include this as an event on an official club newsletter or calendar of events. In this instance, a funeral notice or an order of service would be suitable to support your reason for travel.

Penalties

If you use your vehicle outside of the conditions of the special interest vehicle concession, you may face a fine or risk having your concession revoked.

You may also risk serious insurance implications if your vehicle is involved in a crash whilst being used contrary to the conditions of the concession scheme. If there is damage to your vehicle, yourself or others your compulsory third party insurance and comprehensive insurance may become null and void.

- A current member of an incorporated vehicle club if vehicle is 30 years of age or more (proof of this membership is required on letterhead or other official documentation).

Club membership exemptions

If you live in a remote area you may be eligible for an exemption from the incorporated club membership requirement. All exemptions will be considered on a case-by-case basis. Contact your nearest transport and motoring customer service centre (<https://www.qld.gov.au/transport/contacts/centres/index.html>) or QGAP office (<http://www.qld.gov.au/about/contact-government/contacts/government-service-offices/>), Magistrates Court (<http://www.qld.gov.au/law/court/courts/courthouse-locations/>) or local police station (http://www.police.qld.gov.au/station-locator/station_locator.asp) that provides vehicle registration services for more information.

IMPORTANT – All numbers associated with a vehicle should be recorded at time of purchase.

TMR did not commence recording chassis numbers until 1988 so all engine numbers should be recorded even if motor is seized and may be disposed of.

Note that even the proof of previous registration is not sufficient if the vehicle does not comply with standards set for vehicles of the particular era. Most such information is available via searches on the internet. Vary your searches until you find the information you require or consult either your car club or one that fosters membership of your type of vehicle.

This guide is not complete through it may assist in the registration process. The more you qualify your statements and the more information you can supply, the less chance you will have of the vehicle being denied registration.

1. Collate pertinent information as to the vehicle's original identification. This includes the identification numbers and location of same. If you are unsure of locations then check a workshop manual and consult other car club members. Ensure the numbers you record are the actual identification numbers.
2. Obtain all documentation from previous owners including details of when vehicle was imported into Australia even if it just shows "Prior to 1988" and any signed and dated receipts.
3. If there are few or no documents available, ask the previous owner if they have old photographs of the vehicle that also depict the registration number. These may be the key to proving previous registration, particularly interstate. Mark on back of the copy. *"Copied from original photograph obtained from....."* If you have access to a JP, you could also have the JP certify, *"This is to certify this is a true copy of an original which I have sighted"*.
4. Detail the work you have put into restoring the vehicle including if possible photos of the vehicle prior to, during and after the restoration.
5. If the vehicle was last registered many years ago, if at all then a time log may be pertinent to proving the history of the vehicle. Below is a sample.

1/1/2016

Queensland Historic Motoring Council

Blue 1968 Mustang GT purchased from John Smith of 1 Smith Street, Smithville.
Engine number FC23459 Chassis Number MU289GTA Not Registered
Photo of car with NSW rego MGA68 and previous registration from 1975 collated with other documents.

January 2013 Disposed of Engine

January 2013 302 Windsor V8 purchased Jim Bob, Bob Street, Bobtown
Engine Number JG34FC81868K

February 2013 to December 2016

Restoration project involved new front guards, new boot and interior. Repainted Monza Red.

6. Note – chassis numbers and identification plates cannot be transferred between vehicles even if both vehicles are identical and owned by the same person.

If a vehicle is devoid of identification plates and or numbers then it should be presented to your local Queensland Police station to have a surrogate chassis/vin or engine number issued. An inspection of the vehicle identification is required here and you should have all pertinent information concerning the vehicle history available when applying at the police station. Note it may take a few days for a number to be issued as the information will be validated by Department of Transport and Main Roads.

Important Note

- Identification to be clear and legible.
- All pertinent registration documents and any photos showing the vehicle as registered.
- Photographs of the vehicle before and after restoration.
- Receipts for purchase
- Proof of importation date.

If you are seeking to register your vehicle with the SIVS (Special Interest Vehicle Scheme) registration (concessional registration), your vehicle must be inspected by a “Dating Officer” of an incorporated car club who will issue you with a “Historic Dating & Membership Certificate” to prove the vehicle is over 30 years of age and you are a member of the club.

If you still experience difficulties in registering a vehicle then contact your car club who may seek assistance from Queensland Historic Motoring Council – tmr@qhmc.org.au

Chapter 26 DATING OFFICER

QHMC does not have a Dating Officer. Each club should appoint as many Dating Officer as required to cover the club's geographical area.

Dating Officers

Dating Officers should be experienced club members with a good general knowledge of the historic vehicle movement. They should fully understand the SIVS guidelines and the procedures for registering a vehicle. Ideally, a Dating Officer should be able to identify the build year of any vehicle eligible for club membership. For single make or model clubs Dating Officers would normally know this type of information, however, for multi make vehicle clubs dating officers are not expected to be immediately able to identify the year of manufacture of all vehicles. Dating Officers for multi make clubs will be expected to be able to research on the internet or library or by contacting club members familiar with the particular model vehicle to be dated. He or she would then confirm the year of manufacture.

Dating Certification Process

The Dating Officer should confirm that the person requesting a dating certificate is a current financial member of the club. The Dating Officer should then arrange to inspect the vehicle at a mutually suitable location and time.

Once the Dating Officer is confident of the year of manufacture of the vehicle, for which he or she has been asked to provide a Historic Dating and Membership Certificate, then Dating Officer will check the vehicle to ensure that it generally conforms to the manufacturer's specifications (i.e. is not an old body placed on new running gear or hasn't been "hot-rodded" etc.).

The Dating Officer must be satisfied that the vehicle generally conforms to the manufacturer's specifications and that any obvious modifications are either blue plated or were carried out over 30 years ago.

The Dating Officer should inspect the VIN/chassis and or engine numbers of the vehicle for which the certificate is being issued to ensure that the Dating Officer is inspecting and certifying the correct vehicle.

The Dating Officer can then enter all the details on all pages of the Historic Dating and Membership Certificate (*sample included in this handbook*). The Dating Officer must get the applicant to sign both the page to be submitted to Department of Transport and Main Roads and the club retained member commitment page.

It is recommended, the Dating Officer provides the vehicle owner with a current copy of the SIVS Document.

The Dating Officer is to ensure that the applicant understands the rules for vehicle usage and club membership requirements of the SIVS concessional registration scheme.

General issues

The Historic Dating and Membership Certificate should only be issued based on photographs of the vehicle; a physical inspection of the vehicle must be performed if the vehicle belongs to a remote club member.

It is not unreasonable for the club to recover all out of pocket expenses involved in issuing Historic Dating and Membership Certificates, however clubs should not charge (with a view to making a profit) for issuing a Historic Dating and Membership Certificate.

The QHMC recommends that clubs do not issue Historic Dating and Membership Certificate to new members on the day that the new member joins the club. The QHMC view is that clubs should try to encourage members to be part of the old vehicle movement and not use the movement just as a means for enabling people to obtain cheap registration (SIVS) for vehicles over 30 years old.

The QHMC Rally has the official endorsement of the QHMC and is therefore required to conform to certain standards. Any club that hosts the QHMC is encouraged to adapt the rally for local needs and expand on the minimum requirements for the rallies organisation and timetable.

- QHMC will attempt to arrange a Naming rights sponsor, however organising clubs are free to arrange their own major Naming Rights and other sponsors.
- Naming Rights Sponsors interests should be preserved (i.e. Minor sponsors products and business should not clash with the interests of any Naming Rights Sponsor.)
- Sponsorship or advertising displayed by rally entrants are not be major opposition with the Naming rights sponsor.
- Ensure major sponsors are on board early so that they get value for money for their sponsorship.
- It is normal for the host club to enter a formal contract with the naming rights sponsor which will generally specify how the rally should be named and what other advertising requirements will be required by the sponsor.
- The normal naming convention for Naming Rights Sponsor is to have the rally called "Year (20XX) Sponsors Name Initials (RACQ) then QHMC Rally. E.g. "20XX RACQ QHMC Rally"

Activities:

- Some driving / rally type runs should be conducted on each of the days over the weekend.
- Accurate printed instructions outlining the expected routes are to be produced.
- Navigational questions or checkpoints should be included to help ensure that the entrants are following the correct route.
- Routes should be devised to suite the vehicles expected to take part this may require different routes for faster and slower vehicles.
- Routes chosen should also take into account the normal traffic on the roads and where possible should not cause undue disruption to the normal traffic.
- Ample time should be allowed for vehicles to complete the runs.

Queensland Historic Motoring Council

Trophies

- The organising club may present as many trophies/prizes as it chooses
- QHMC will provide the following trophies
 - A perpetual and replica QHMC trophy for the “*Best Attended Club*” to be awarded to the club (other than the host club) with the most entrants

Chapter 29 RALLY DIRECTOR'S RESPONSIBILITIES

INTRODUCTION

The description of this position is only included to guide clubs on the Roles and Responsibilities expected of a Rally Director

Generally planning for the major rallies should be undertaken at least 1 year in advance. The Rally Director is usually appointed by the Club Committee to undertake, with the assistance of a Rally sub-committee, all aspects of the running of the rally according to the broad directives of the club's Management Committee.

The Rally Director is required to ensure that the quality and integrity of the event is not compromised and that the event is run to the benefit of members and all entrants. It is usual for a club to call for expressions of interest from members to identify the field from which to form a subcommittee to assist in the running of the Rally.

The Rally Director may or may not be a member of the Management Committee, though they are appointed by the Management Committee.

Chapter 30 OPERATIONS HANDBOOK MAINTENANCE

INTRODUCTION

This QHMC Inc. Operations Handbook is a *living document*. It is intended to be used primarily by the Committee as it details the responsibilities of each Committee position and provides access to the Club's Constitution, By-laws and other relevant information.

CONTENTS AND CONTROL

The responsibility of the contents of the Operations Handbook rests with the Committee and all changes require the approval of the Committee. All Committee members should be given a copy. An up-to-date copy of the handbook (both printed and a CD disk version (Word and Adobe Format) must be kept in the club Library.

All perspective (nominated) committee members should have read and understood the responsibilities of the position for which they accept nomination.

MAINTENANCE

The controller of the Operations Handbook should have a thorough knowledge of the contents of the Handbook, as changes to one section may affect other sections. The controller should be computer literate as a working knowledge of Microsoft Windows and Microsoft Word is required. Most text is in Times New Roman font. Most forms follow this format to maintain a standard presentation.

Each year, prior to the Annual General Meeting, a review of the running of the Association should be done by the "out-going" Committee. Any changes should be minuted and passed to the controller for incorporation into the Handbook. The Constitution may be altered only as per the Constitution, however, other changes only require the approval of the Management Committee, although the membership is usually consulted on significant changes.
